# OUR TEAM

Allow us to introduce our remarkable team from the factory, specializing in recycled Ulin wood from Kalimantan. With a decade of expertise under our belts, we proudly hold the number one position in Bali. Passion drives us, and our ultimate goal is to ensure our customers' satisfaction with their one-of-a-kind items.

We take immense pride in our craftsmanship and are dedicated to delivering exceptional quality, all while prioritizing environmental sustainability. Respecting the environment is at the core of our values, and we strive to contribute positively to a greener future.

# THE ORIGINS

Our Ulin wood originates from Kalimantan, known for its exceptional qualities. It naturally possesses remarkable properties such as anti-decay, anti-termite, and even anti-riot capabilities. Sourced exclusively from discarded structures like boats, roads, and bridges, our wood is 100% reclaimed, promoting sustainable practices and reducing environmental impact.

Each piece of Ulin wood carries a unique history and tells a fascinating story. As we transform these reclaimed materials into magnificent creations, we preserve the character and charm of the wood, celebrating its journey and giving it new life.

With every item crafted from our Ulin wood, you not only acquire a stunning and enduring piece but also become a part of a sustainable movement, embracing the beauty and resilience of recycled materials.

# CONTACT US

Send us the form and necessary files by email, on WhatsApp, or hand them over to the organizer.
